

Thorpe St Andrew School and Sixth Form takes the E-Safety of our students very seriously. Throughout the curriculum we provide activities and opportunities for students to develop the skills they need to identify risks and stay safe. Teaching students about how to stay safe and behave online, including identifying risks and how and when to seek support is crucial.

If any student has any concerns about anything on-line they should:

- Report their concerns to parents who can inform the school by contacting one of the Designated Safeguarding Leads.
- Report their concerns to any member of staff who can who will report this via CPOMS to one of the Designated Safeguarding Leads.

### **For further information and support:**

#### **For Students:**

<https://www.thinkuknow.co.uk/> Online safety education programme from the National Crime Agency's CEOP Command which aims to safeguard children from sexual abuse and exploitation. Education resources and online advice for children aged 4 – 18.

<https://www.bbc.com/ownit> Support for young people to take control of their online life, including help and advice, skills and inspiration on topics such as friendships and bullying, safety and self-esteem.

<https://www.childline.org.uk/> – includes information for pupils on sexting, gaming, grooming, bullying, porn, relationships.

## For Parents:

The Online Safety Alliance has produced three 90 second videos for parents to spread the word on risks digital technologies pose to children and how we can help to keep them safe.

### Online Safety For Parents in 90 Seconds
